

REASERCH ASSOCIATE JOB DESCRIPTION

Duration: 12 Weeks

Time: 40 hours/week

Working location: Office or remotely.

Starting Date: October 1st.

Objective of Internship:

The intern is responsible for publishing research addressing corporate operations regarding sustainable development in Jordan. This comes as part of a bigger research project aimed to create a comprehensive document of Sustainability and CSR events, practices and knowledge within Jordan.

It will be an ongoing effort using at its foundation a previously conducted research to build on through individual meetings with various key organizations, responses to questionnaires and any other available documentation.

Tasks & Responsibilities:

- Develop an in depth understanding of CSR and Sustainability theory and practice in Jordan.
- Obtain a representative list of companies to be sample of research.
- Conduct in person interviews with a representative group within the sample.
- Compile results and analyze output.
- Prepare output for publishing.
- Assist in promoting published research.
- Ultimately responsible for the publishing of the corporate section of research.
